COLLECTION 2016

WELCOME TO OUR 2016 CATALOGUE

Our drive for creating long-lasting original designs has introduced us to a lot of inspiring personalities and friendships. Together with our design team we have developed a universe where each product has its own place and reason for existence. We are proud to share it with you. We believe good design is long-lasting when it is build within a universe where every product has a meaning, a purpose and a function.

In 2016 we are glad to welcome several new designers to our team. Each one with a unique style – all with coherent modern interpretation on the Scandinavian design heritage.

POIAT

Poiat architecture and design office is a Finnish collaboration of three young designers; Antti Rouhunkoski, Timo Mikkonen and Marco Rodriguez

KASPER NYMAN

"I strive to challenge myself and the materials used, in order to create products that comprehend modern Scandinavian design and visual simplicity"

PHILIP BRO

Graduated from the Danish Design School in 1989 and has since taught at the Danish Design School and at the National Institute of Design in India. In 1998, he launched his own design studio, known as Philip Bro

M-S-D-S

M-S-D-S Studio is a Toronto based multi-disciplinary design practice that works in interior, furniture, and product design

NUR

The honest, simple and minimalist approach to design, materiality and idiom creates a stylish, modern and timeless elegance in all products. The word NUR means "only" which is the essential expression of the architectural inspired designs

SIGNE HYTTE

"The essence of my work is simplicity. I aim to create functional objects that can be of everyday use. I design honest solutions, both in terms of construction, materials and aesthetics"

MIKKO LAAKKONEN

"I believe that every project is different, and strive to find a tailored solution that combines both the client's needs and my expertise in design. My focus is to create unique, insightful items for everyday use"

SAYS WHO

The Says Who style is rooted in the great traditions of Scandinavian design, and love for simplicity, minimalism and functionality

MADE BY MICHAEL

Made by Michael's goal through the design is to leave the viewer with a little 'Aha' moment of childish wonder and joy

STEFFEN JUUL

"For each line I draw, I always consider what the consumer will find attractive in the design. Without attraction it is not possible to interact. The rest is work, details, function to make it all come together in a perfect design"

NAOYA MATSUO

Born in Tokyo. Studied design and welding in Tokyo, woodwork in London. After working in a studio in London, he started his own workshop in Tokyo to create "Forms from Structures" not "Structures for Forms"

FRAII

The Danish design studio Fraii is founded by Anne Kirstine Rusholt and Louise Mengel. The design duo is driven by their curiosity to explore trends and materials and use them in new ways

SILJE NESDAL

Silje Nesdals design consists of simple and subtle forms and unobtrusive aesthetics. She is inspired by traditional use of materials and techniques both local, as well as Finnish and Japanese

JANNIS ELLENBERGER

Jannis Ellenberger first served an apprenticeship as a cabinetmaker to continue his studies at the Academy of Design in Münster. In 2006, Jannis Ellenberger started his own studio for product- and interior design

SPANT STUDIO

Spant Studio is a Danish architecture and design studio founded by the architects Troels Thorbjørnson and Kasper Baarup Holmboe. "We are driven by craftsmanship, both behind the screen and in the workshop"

MIKA TOLVANEN

Mika Tolvanen is a Finnish designer, graduated from the Royal College of Art, London, in 2001

LEONARD ALDENHOFF

His background as a trained industrial mechanic and industrial designer combines know-how, creativity and aesthetics. Inspired by technical and geometrical precision his work shows a design characterized by clear forms and selected materials

RIKKE FROST

Rikke Frost is a graduate from Arkitektskolen Århus. In 2004 Rikke Frost established her own studio to be able to develop her designs widely

LÆRKE BO POULSEN

"I design furniture based on the Scandinavian tradition with a pinch of inspiration from my many travels. As a designer, I believe that design can bring joy and personality to one's home, I therefore make a virtue of designing functional quality furniture"

RØPKE DESIGN & MARK WEDEL

"Clean lines and functionality has always been two drawing factors for us. Having studied the same line of design, in the same class, working on the same projects with the same ideas, we have always kept one focal point of attention in our design – The consumer"

BETTE EKLUND

Bette Eklund is a young, upcoming Finnish designer. Her design style can be described as modern, minimalistic and strongly influenced by nature, the purity of raw materials, and geometric forms

ANNE HOLM & SIGRID SMETANA

Anne Holm and Sigrid Smetana have studied architecture and design at the school of architecture in Aarhus, Denmark. Their work creates simple and playful solutions with focus on craftsmanship

JULIE TOLVANEN

Julie Tolvanen is an American product designer living and working in Finland. Her first degree was in architecture. After graduation she became a woodworker, designing and making bespoke furniture

RIKKE MALLING

Rikke's approach to design is creating items that never go out of style, while focusing on quality elements and simplicity – which makes it easy to honour the modern customer's wishes of a minimalistic Scandinavian home

ANN KRISTIN EINARSEN

"Growing up with the imposing nature of northern Norway as a backdrop, I early developed an interest for natural materials and traditional handicraft. With a background in woodworking as well as an MA i ceramic art, I explore the potential of the ceramic material in sculpture, installations and object design"

PAUSE SERIES

Designed by Kasper Nyman

"I strive to challenge myself and the materials used, in order to create products that comprehend modern Scandinavian design and visual simplicity. My major focus in design is on material and construction and I base my products on a strong idea, identity, functionality and quality.

The Pause series is born from the idea of personal reflection towards the simpler things in life. The simple nature of this furniture is influenced by traditional techniques, redirected to suit a modern environment. Take your time and enjoy the moment."

Kasper Nyman

PAUSE DINING CHAIR

BUK CHAIR

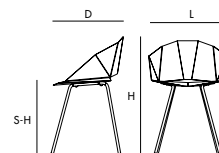

Designed by Lærke Bo Poulsen & Maja Bøgh Vindbjerg

The minimalistic design of Buk is inspired by the Japanese art of folding paper, origami. Buk is a simple chair, with a seat bend of one piece of sheet metal. Metal is normally perceived as a hard, rigid material, but Buk highlights the flexible advantage of a thin metal sheet and confronts this perception, while still providing a comfortable seating experience. Buk is a beautiful stand-alone chair for the entrance, bedroom or reading corner.

MATERIALS Metal

DETAIL DESCRIPTION Seat is made of one piece of metal. Legs are welded on to the apron and seat. The seat and legs are fully painted. Made and assembled in Denmark

S.A.C. DINING CHAIR

Designed by Naoya Matsuo

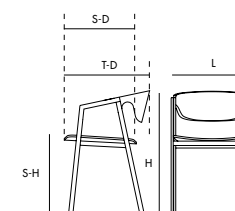

With its sleek lines and curved edges S.A.C. beautifully masters the combination of wood and metal. The curves of the backrest give the chair the possibility of being stacked without the materials touching each other. Stacking armchair is the perfect companion for your dining table setting.

MATERIALS Metal and oak veneered plywood

DETAIL DESCRIPTION Metal legs, apron and armrests. Seat and backrest in oak veneered plywood

DIAGONAL BENCH

Designed by Signe Hytte

The idea behind Diagonal Table and Diagonal Bench is to create simplicity and symmetry at first glance, only to reveal a tiny detail that was slightly off looking closer. Both pairs of legs are connected using transversely diagonal tubes that face opposite each other on either end of the table. When the table is seen from the ends, the diagonal tubes form a perfect X.

Inspired by the constructions of scaffoldings at building sites, the combination of the light construction and the dark material creates a distinct, graphic and minimalistic profile

MATERIALS Metal and oak veneered MDF

DETAIL DESCRIPTION Metal tube frame and legs with oak veneered MDF top. Legs and frame are powder coated and with a soft finish.

SPLIT DINING TABLE

Designed by Says Who

The split table is a Scandinavian interpretation of a plank table. The masculine tabletop is made of three solid wood slats and fitted onto round wooden legs, which give the table its characteristics. The table seems both solid and light at the same time and will become an eye-catcher in any home. Split is available in a soap treated oak tabletop with white, black or oak legs and an oil treated smoked oak tabletop with black legs. Split can be extended in each end with 500 mm extensions (sold separately).

BAENK

Designed by Nur

This multifunctional bench is made of clean minimalistic lines inspired by the Nordic traditions. Baenk is made of solid oak, with focus on the unique veins that bring nature inside and gives each piece a very special and distinctive look. By adding a shelf and a seat, it can be used in multiple contexts. The shape of the bench is inspired by an old spool of cardboard and based on this inspiration the middle piece has been upholstered to provide increased comfort. The fabric is carefully selected to complement the structure and shades of the wood.

ANNULAR PENDANT

Designed by M-S-D-S

M-S-D-S Studio is a Toronto based multi disciplinary design practice that works in interior, furniture, and product design. The studio is dedicated to material exploration, resourcefulness, and commitment to client needs.

"The Annular Pendant pairs one primary form, a conical shade, with another, a perfect ring of light at the fixture's perimeter. The cone is evocative of a classic pendant form, while the ring shaped light source is boldly graphic and resolutely contemporary." — Jonathan Sabine & Jessica Nakanishi

LADDER LIGHT 3 / LADDER LIGHT 5

Designed by M-S-D-S

The Ladder Light takes its inspiration from jewellery: conceptualizing light as decorative and expressive, rather than only utilitarian. Hung on a wall like a necklace on skin, its natural palette and simple form echo the refined quality of the fixture's soft light. The light is easily dimmed with a touch on the power button.

MATERIALS Leather/Nude

DETAIL DESCRIPTION Leather straps with internal wire routing. Aluminium bars with 3W LED on both sides. Ladder 3 wattage: 3 x 6W. Ladder 5 wattage: 5 x 6W. 3000 Kelvin. Ladder light can be dimmed on the on/off button and comes with a white wire and power adapter. EU plug. IP20
